

JARAD TRYFFIN

FULL STACK DEVELOPER

/ ALL ABOUT ME

Hi there! I am Jarad! I am a full-stack web developer who loves to make pretty things. I have a vast array of knowledge in many different front-end and back-end languages, responsive frameworks, databases, and best code practices. My objective is simply to be the best web developer that I can be and contribute to the technology industry all that I know and can do. I am dedicated to perfecting my craft by learning from more seasoned developers, remaining humble and continue making strides to learn all that I can about development.
